## Press Release

---

### Capacity Enhancement at Monolithisch India Limited

Monolithisch India Limited is proud to announce a significant expansion in its installed manufacturing capacity as part of its ongoing strategic growth initiative. Effective 15<sup>th</sup> July, the company's production capacity will increase from **132,000 TPA (Tonnes Per Annum) to 156,000 TPA (Tonnes Per Annum)**.

This enhancement marks a major milestone in our long-term vision to reinforce Monolithisch India's leadership in the unshaped refractory materials segment. The capacity upgrade is a direct result of sustained operational improvements, the adoption of advanced technologies, and our unwavering commitment to delivering superior value to our customers.

As part of the phased expansion currently underway, Monolithisch India is targeting to increase its capacity to **215,000 TPA (Tonnes Per Annum) around 15<sup>th</sup> September** and reach to **250,000 TPA (Tonnes Per Annum) around 31<sup>st</sup> December**. This increase in capacity in phases is designed to meet the rising demand for our existing product range as well as our newly launched premium offering, **SGB-Limited**. The added capacity will ensure timely deliveries, improved performance, and consistent quality across domestic and international markets.

This initiative is a strategic step towards our ambitious goal of reaching a net installed capacity of **574,000 TPA (Tonnes Per Annum) [including Subsidiary- Metalurgica India Private Limited] over a period of time**. With this, we aim to serve the evolving needs of the secondary steel sector with enhanced scale and efficiency.

All current and future upgrades are aligned with our focus on sustainability, operational excellence, and customer-centricity. By investing in next-generation technology, infrastructure, and talent, Monolithisch India continues to position itself at the forefront of the ramming mass industry.
